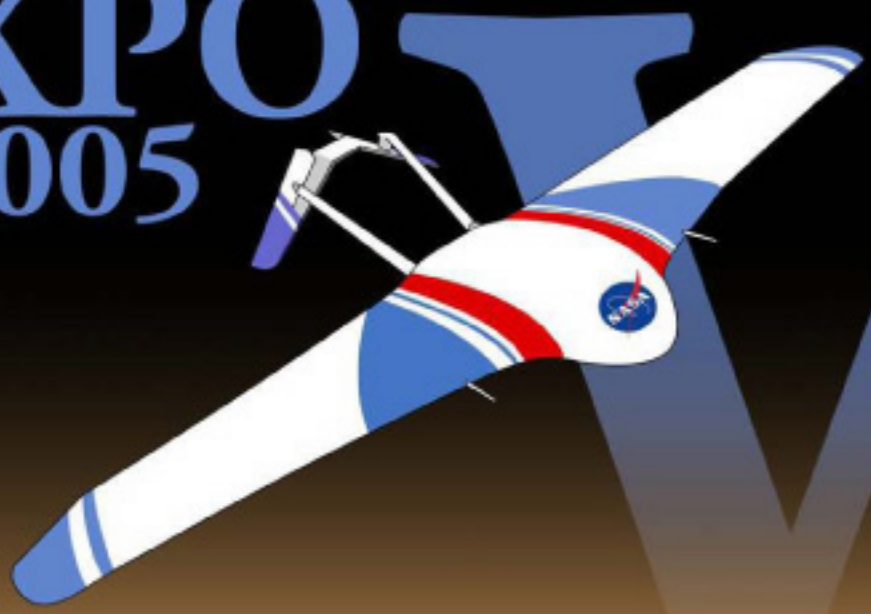
AERO EXPO 2005 V



A Future In Flight

AEROEXPO V AT NASA AMES
APRIL 27 - 29, 2005
MOFFETT FIELD, CA

CAREER CENTRAL PRESENTATIONS START EACH DAY: 10:00 & 11:30 AM AND 1:00 PM

We invite schools to join us for a fun and educational look at aeronautics. Topics to be covered will include: careers, aviation and aerospace related math and science concepts, the history of flight, aerodynamics, and NASA Research.

This event features three venues:

- Aero Village, a hangar filled with exciting hands-on activities
- The NASA Flight Line, full of research, military, and other aircraft
- Career Central, an interactive look into aviation and aerospace careers
