

***FlyBy Math™* Alignment**
Maine Mathematics Grade Level Expectations Spring 2004

Cluster 4 - Patterns**G. Patterns, Relations, and Functions****Grade Level Expectations**

M4G3.5. Solve problems involving linear patterns in tables, graphs, words or rules using whole numbers.

***FlyBy Math™* Activities**

--Use tables, graphs, and equations to solve aircraft conflict problems.

--Represent distance, speed, and time relationships for constant speed cases using tables, bar graphs, line graphs, equations, and a Cartesian coordinate system.
